Hourigan Connolly assisted Wainhomes (North West) Limited in securing reserved matters approval for a development of 64 dwellings on a previously developed employment site in Hyde, Tameside.

Working as part of a multi-disciplinary team we were able to address all of the concerns raised at a local level.

Following a presentation to the Council's Planning Committee the scheme was unanimously approved by Councillors

paving the way for the delivery of a range of much needed new homes in this part of Greater Manchester.
